

New Golf Ball for Martin

Martin has been playing for the last two events (Selangor Masters and Brunei Open) the new Titleist Pro V1x Golf ball. He has switched from the older version of the red Pro V1x to the new one. The new ball that came out in 2008 is slightly softer than his older brother. They have both red numbers indicating that they have less spin than the black version of the Pro V1x Titleist ball.

Furthermore Martin has to specially mark his golf ball to make sure he can distinguish between his ball and his compatriots who almost all play the Titleist ball as well. Also Martin will be playing with high numbers (5-8) in his next few events as you can see below.

In his last two events Martin marked the ball as follows:

The Swiss Cross

The Lady Bug

The Dollar Sign

The Palm Tree

The Temple

The Car

The Chinese

The Pin

The Black Jack

The Smiley

The Dice

The Clover- Leaf
